

Public Notice Submission

Provider Name: Time Warner Cable Inc.

Summary: Time Warner Cable (TWC) is submitting this Service Provider Response to provide NTIA the specific information it has requested about service tiers, coverage, and subscription data for each of the Census Tracts where broadband Internet Access service is already available but where Comprehensive Community Infrastructure (CCI) applications have been filed seeking BTOP funding for such Census Tracts. TWC is submitting this information in order to provide NTIA with additional information to consider as a factor in its evaluation of the CCI applications that include the Census Tracts identified herein. This response does not intend to take any position on the merits of any particular CCI application.

Please note: In the Coverage and Subscription data , the number of households is based on 2000 Census data whereas the number of homes subscribing to broadband data is based on actual 2010 company data.
