

## **Public Notice Submission**

**Provider Name:** Tri-County Telephone Company, Inc.

**Summary:** Tri-County Telephone Company has approximately 40 Community Anchor Institutions in its service area consisting of public schools, city and county government offices, medical clinics and hospitals and a public library. All institutions have access to broadband, however none of them are serviced by fiber to the premise. Tri-County has two sources for internet access: a 150 Mg connection to Cox Communications and a 45 Mg connection to AT&T. Internally, Tri-County connects its Host and Remote terminals via 1 Gb Ethernet connections.
