Public Safety Entities	0	Other Government Facilities	0			
Community Colleges	0	Total Community Anchor Institutions				
<p>5. Please indicate the average increase in broadband speed provided to the community anchor institution customers as a result of your project, including a description of how this increase was calculated (600 words or less).</p> <p>No increase in broadband speed provided to community anchor institutions has been achieved. We are still completing the Environmental Assessment and negotiating a resolution of the overlap with NTIA.</p>						
<p>6. What retail services are being provided by this project? Please describe below. (600 words or less). As an attachment to this report, please provide pricing plans (in \$ per month) associated with each retail service. Retail services description:</p> <p>N/A</p>						
<p>7a. What network management policies (e.g., bandwidth limitations, traffic prioritization) are in place for the services provided by your project? 7b. Have you ever limited or blocked consumers from accessing any lawful content, service, service provider, or application, or prevented any consumers from attaching any legal device to the network? If so, please explain why (300 words or less)?</p> <p>VTel posts our terms of service and network management policies on our website where customers can access them. We do not prevent consumers any lawful content, service, service provider, or application or prevent any consumers from attaching any legal device to the network. We are committed to the spirit of the NOFA.</p>						
<p>8. If applicable, please provide the total number and the percentage of subscribers who have dropped the broadband service provided through this project (total number of households and/or businesses and the "churn rate") and the subscribers' reasons for discontinuing their service (600 words or less).</p> <p>N/A</p>

544	9	9	526			

12. If you do not own collocation space, please describe how and where other network providers and/or customers interconnect with your network (600 words or less).

Network providers and/or customers can interconnect with VTel at the interconnection points listed in our BTOP Application. These locations include primarily third party collocation facilities/Central Offices.

13. To the extent that you have made any subcontracts or sub grants, please provide the number of subcontracts or sub grants that have been made to socially and economically disadvantaged small business (SDB) concerns as defined by section 8(a) of the Small Business Act, 15 U.S.C. 647, as modified by NTIA's adoption of an alternative small business size standard for use in BTOP. Please also provide the names of these SDB entities (150 words or less).

No subcontracts or sub grants have been made to socially and economically disadvantaged small businesses.

14. Please describe any best practices/lessons learned that can be shared with other similar BTOP projects (900 words or less).

One of the lessons learned is that it is a critical first step to quickly start on the environmental assessment portion of the project. It is also important that the process be handled by someone or an organization that has had experience with similar environmental issue and has the ability to properly coordinate with local, state and federal governmental organizations.
