Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

During Quarter 2 of 2013 the Latino Microenterprise Tech Net (LMTN) continued to offer high-quality and vital technology education and access to Latino communities throughout the country. Past outreach and service integration efforts have resulted in sub-recipient sites hitting a stride in terms of training and public lab access. This has resulted in technology being woven into service delivery around financial education, homeownership counseling, workforce development, and most notably, small business development.

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).

	Milestone	Percent Complete	Narrative (describe your reasons for any variance from the baseline plan or any other relevant information)
2.a.	**Overall Project**	98	The Latino Microenterprise Tech Net has continued to make progress towards completing the project and will complete by September 30, 2013.
2.b.	**Equipment / Supply Purchases**	-	Progress reported in Question 4 below

2.h.	**Training Programs**	-	Progress reported in Question 4 below
2.i.	**Other (please specify):**	-	Progress reported in Question 4 below

3. Please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

Several sub-recipient sites have exhausted training dollars and have scaled down operations as a result. However, this will not hinder the completion of the project.

4. Please provide actual total numbers to date or typical averages for the following key indicators, as specified in the question. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Unless otherwise indicated below, figures should be reported underlined cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative explanation if the total is different from the target provided in your baseline plan (300 words or less).

	Indicator	Total	Narrative (describe your reasons for any variance from the baseline plan or any other relevant information)
4.a.	**New workstations installed and available to the public**	359	We have exceeded our baseline plan to offer 306 workstations to the public. We have leveraged resources to open three additional PCCs not in the original proposal.
4.b.	**Average users per week (NOT cumulative)**	485	Extensive outreach has led to an uptick in class enrollments and open lab access.
4.c.	**Number of PCCs with upgraded broadband connectivity**	5	N/A
4.d.	**Number of PCCs with new broadband wireless connectivity**	20	We leveraged funds to connect 3 additional PCCs.
4.e.	**Number of additional hours per week existing and new PCCs are open to the public as a result of BTOP funds**	65	Due to sub-recipient organizations depleting funding for program activities during the extension period, the extra hours open has decreased from last quarter.

5. Training Programs. In the chart below, please describe the training programs provided at each of your BTOP-funded PCCs.

Name of Training Program	Length of Program (per hour basis)	Number of Participants per Program	Number of Training Hours per Program

Project Indicators (Next Quarter)

1. Please describe significant project accomplishments planned for completion during the next quarter (600 words or less).

During the next quarter we plan to continue to offer high-quality training. Sub-recipient organizations will continue to offer basic digital literacy training to communities in need, while integrating the computer center into their operations in order to integrate technology into services offered to their target population. For example, sub-recipients will continue to offer classes targeting small business owners and entrepreneurs, as well as job-seekers and those who need to learn technology skills to better function in the economy and society. During the next Quarter the LMTN project will complete all program activities and will prepare for closeout.

2. Please provide the percent complete anticipated for the following key milestones in your project as of the end of the next quarter. Write "0" in the second column if your project does not include this activity. Figures should be reported cumulatively from award inception to the end of the next reporting quarter. Please provide a narrative description if the planned percent complete is different from the target provided in your baseline plan (300 words or less).

	Milestone	Planned Percent Complete	Narrative (describe reasons for any variance from baseline plan or any relevant information)
2.a.	**Overall Project**	99	During Quarter 3 of 2013 the Latino Tech Net will continue to work on program indicators and complete project by September 30, 2013.

3. Please describe any challenges or issues anticipated during the next quarter that may impact planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

We do not foresee many challenges moving forward, except for that some sub-recipients have depleted or are nearing the depletion of their reimbursement budgets for training. In many cases where sustainability funding is not available, these sub-recipient organizations will cease or decrease training and training hours, which will result in less hours and trainings reported.
