Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

We continue to progress through our computer center installation program, as we finalize installation at our last sites. As with previous reports, the overall project completion reported below lags the actual progress in completing installations, largely due to the lag between purchasing, installation, and drawdown of federal funds. Due to favorable pricing, we are running well ahead of expectations for the number of computers installed, with 3286 computers already installed. Other metrics for people served and training activities are on target.

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).

	Milestone	Percent Complete	Narrative (describe your reasons for any variance from the baseline plan or any other relevant information)
2.a.	Overall Project	90	Similar to prior quarters, there are lags between receipt of computers and the final payments.

3. Please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

The program has had few issues during the last quarter as the model has been fine tuned over previous quarters of activities.

4. Please provide actual total numbers to date or typical averages for the following key indicators, as specified in the question. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Project Indicators (Next Quarter)

1. Please describe significant project accomplishments planned for completion during the next quarter (600 words or less).
 Progress has slowed down with the basic tasks of computer installation and general installation. We are in the review process for a 2 month extension of our project, in support of an extension of the Learning Express database training programs through the Library of Michigan. In addition, our emphasis will be on final project and wrap up work, as opposed to any major site installations.

2. Please provide the percent complete anticipated for the following key milestones in your project as of the end of the next quarter. Write "0" in the second column if your project does not include this activity. Figures should be reported cumulatively from award inception to the end of the next reporting quarter. Please provide a narrative description if the planned percent complete is different from the target provided in your baseline plan (300 words or less).

	Milestone	Planned Percent Complete	Narrative (describe reasons for any variance from baseline plan or any relevant information)

3. Please describe any challenges or issues anticipated during the next quarter that may impact planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

At this point, we do not predict any significant issues, and will continue to shift our activities from purchasing activities toward program evaluation and closeout of grant.
