Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

All of the city labs are now open, after much waiting. New high speed connections are in place. Our main lab at Tincan is open from 10-4, with a line waiting outside every morning to get into the lab. More agencies are referring homeless and low income people to the lab so that they can fill out applications for services, jobs, and education. We have added a lab manager who is available for one-to-one training as well as computer basics classes.

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).
