We have been able to exceed our original baseline because of our successful door-to-door outreach. We now have 750 participants and several applications pending.

**2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).**

**3. Please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).**

None. We have a few dollars still available and plan to add participants as funds allow.

**4a. In the chart below, please provide the requested information on your BTOP grant-funded SBA activities. Please also provide a short description of the activity (600 words or less). Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please ensure that the numbers of new household subscribers and business or community anchor institution (CAI) subscribers reflected in the "Total" row represent the unduplicated number of new subscribers that can be attributed to your SBA project as a whole.**

**4b. Please describe your method for determining the number of households, businesses, and/or (CAIs) subscribing to broadband as a result of your SBA programs (600 words or less).**

Each new subscriber must identify on the application if they are applying as a residence or business. Toledo Telephone is the primary broadband provider in the area, therefore we know our current subscription rate and can measure the increase in subscribers from this program. We survey our participants during and after training, and will survey again at the end of the program to determine sustained subscription rates.

**4c. Please provide a narrative explanation if the total number of new subscribers is different from the targets provided in your baseline plan (600 words or less).**

Our door-to-door efforts have resulted in achieving our total baselines goals ahead of schedule.

**4d. Please provide the number of households and the number of businesses and CAIs receiving discounted broadband service as result of BTOP funds.**

Households: 738

Businesses and CAIs : 12

**2. Please provide the percent complete anticipated for the following key milestones in your project as of the end of the next quarter.
