City of El Paso, Texas

Comprehensive Annual Financial Report For the Fiscal Year Ended August 31, 2008

Prepared by Financial Services Department

FINANCIAL SECTION

CITY OF EL PASO, TEXAS MANAGEMENT'S DISCUSSION AND ANALYSIS August 31, 2008

OVERVIEW OF THE FINANCIAL STATEMENTS

The CAFR includes introductory, financial and statistical sections. The financial section of the CAFR consists of three components: this discussion and analysis, the basic "liftable" financial statements and related notes to the financial statements, and the unaudited required supplementary information.

These components of the Comprehensive Annual Financial Report are graphically illustrated below:

| | Introductory Section | Letter of Transmittal, Organization Chart, Other Introductory Information | | | | | | | | |
|------|-------------------------|---|---|--|-----------------------------------|--|--|--|--|--|
| | | Management's Discussion and Analysis | | | | | | | | |
| | | Government-Wide Financial Statements | Fund Financial Statements | | | | | | | |
| | | | Governmental Funds | Proprietary Funds | Fiduciary Funds | | | | | |
| CAFR | Financial Section | Statement of Net Assets | Balance Sheet | Balance Sheet | Statement of Fiduciary Net Assets | | | | | |
| CA | | | Statement of Revenues | Statement of Revenues, | Statement of Changes | | | | | |
| | | Statement of Activities | Expenditures and Changes in Fund Balances | Expenses and Changes in in Fund Net Assets(Deficit) Statement of Cash Flows | in Fiduciary Net Assets ∄€ | | | | | |
| | | | Notes to the Financial Statements | | | | | | | |
| | | | Required Supplementary | Information Other Than MD&A | | | | | | |
| | Statistical Section | Other Statistical Information | | | | | | | | |

The basic financial statements include both government-wide and fund financial statements. These statements differ in scope, measurement focus and basis of accounting, as well as in the information provided. The following chart illustrates these differences:

| | Government-Wide | Fund Financial Statements | | | | | | |
|--|--|---|---|--|--|--|--|--|
| | Statement | Governmental | Proprietary | Fiduciary | | | | |
| Scope | Entire entity (except fiduciary funds) | The day-to-day operating activities of the City for basic governmental services | The day-to-day operating activities of the City for business-type enterprises | Instances in which the City administers resources on behalf of others, such as property tax and pension | | | | |
| | Accrual accounting and economic resources measurement focus | Modified accrual and current financial resources measurement focus | Accrual accounting and economic resources measurement focus | Accrual accounting and economic resources measurement focus; except agency funds do not have measurement focus | | | | |
| Type of asset and liability information | All assets and liabilities, both financial and capital, short-term and long-term | Current assets and liabilities that come due during the year or soon thereafter | All assets and liabilities, both financial and capital, short- term and long-term | All assets held in a trustee or agency capacity for others and all liabilities | | | | |
| Type of inflow and outflow information | All revenues and expenses during the year, regardless of when cash is received or paid | Revenues for which cash is received during the year or soon thereafter; expenditures when goods or services have been received and the related liability is due and payable | | All additions and deductions during the year, regardless of when cash is received or paid | | | | |

City of El Paso, Texas

Comprehensive Annual Financial Report For the Fiscal Year Ended August 31, 2009

Prepared by Financial Services Department

FINANCIAL SECTION

OVERVIEW OF THE FINANCIAL STATEMENTS

The CAFR includes introductory, financial and statistical sections. The financial section of the CAFR consists of three components: this discussion and analysis, the basic "liftable" financial statements and related notes to the financial statements, and the unaudited required supplementary information.

These components of the Comprehensive Annual Financial Report are graphically illustrated below:

| | Introductory Section | Le | Letter of Transmittal, Organization Chart, Other Introductory Information | | | | | | | |
|------|-------------------------|--|---|-----------------------------|-------------------------|--|--|--|--|--|
| | | | M anagement's I | Discussion and Analysis | | | | | | |
| | | Government-Wide | | | | | | | | |
| | | Financial | | Fund Financial Statements | | | | | | |
| | | Statements | | | | | | | | |
| | | | Governmental Funds | Proprietary Funds | Fiduciary Funds | | | | | |

| | Statistical | And the state of t | Other Stat | istical Information | | | | | | |
| | Section | | | | | | | | | |

The basic financial statements include both government-wide and fund financial statements. These statements differ in scope, measurement focus and basis of accounting, as well as in the information provided. The following chart illustrates these differences:

| | Government-Wide | | Fund Financial Statements | |
|--|--|---|--|--|
| | Statement | Governmental | Proprietary | Fiduciary |
| Scope | Entire entity (except fiduciary funds) | The day-to-day operating activities of the City for basic governmental services | The day-to-day operating activities of the City for business-type enterprises | Instances in which the City administers resources on behalf of others, such as property tax and pension |
| _ | Accrual accounting and economic resources measurement focus | | Accrual accounting and economic resources measurement focus | Accrual accounting and economic resources measurement focus; except agency funds do not have |
| liability | All assets and liabilities, both financial and capital, short-term and long-term | Current assets and liabilities that come due during the year or soon thereafter | All assets and liabilities, both financial and capital, short-term and long-term | All assets held in a trustee or agency capacity for others and all liabilities |
| Type of inflow and outflow information | All revenues and expenses during the year, regardless of when cash is received or paid | Revenues for which cash is received during the year or soon thereafter; expenditures when goods or services have been received and the related liability is due and payable | All revenues and expenses during the year, regardless of when cash is received or paid | |

Section 26 – Organizational Chart

BTOP Public Computer Center and Sustainable Broadband Detailed Budget

Please complete the Detailed Budget, breaking out individual line items under each category heading (add rows to each section as necessary to accommodate your line items). Please ensure line item total columns in the "General" and "Detail" sections are equal for each line item (a ce with a yellow highlight indicates an inconsistency). Also, you may utilize the provided space for additional notes, if desired (there is also a Budget Narrative question in the application in which you w provide narrative detail on this budget).

Specifics needed for each cost category line item:

- Personnel: For each position, list the number of positions, the location or geography of position, the job/task responsibilities for the position, the annual salary, and the percent of time a person fil the position will spend working on the proposed BTOP project. For lines with more than one position, the Quarters Employed field should represent number of quarters per person (e.g., fc employees each working for one year, Quarters Employed should be 4 rather than 8).
- Fringe: For each position, note the number of positions, the annual salary, the percent of time a person filling this position will spend working on the proposed BTOP project, and the fringe rate applies the position. For lines with more than one position, the Quarters Employed field should represe number of quarters per person (e.g. for two employees each working for one year, Quarters Employed should be 4 rather than 8).
- Equipment: List all equipment units required for the project and provide program purpose. For each I item, note the number of units and the unit cost. The multiple of these two factors will yield th total for that line item. For example, an Applicant planning to buy 100 laptops at \$500/laptop whave a total line item cost of \$50,000. Again, although unit costs may include cents, once multiply the number of units, the result must be rounded to the nearest whole dollar. Clearly separa Applicant equipment and user equipment, as indicated in the detailed budget template. When providing the unit cost indicate whether the unit cost has been impacted by a discount and for software equipment list specific package names.
- Travel: For each trip list the program purpose of the trip, destination city and the number of people traveling. For each line item (e.g., trip), note the number of trips and the cost per trip. The multof these two factors will yield the total for that line item. For example, if the Applicant was accounting for 10 trips at \$25 per trip, the total cost would be \$250. The cost per trip should be justified on its own, not derived by dividing the line item total by the number of trips. Such a calculation will prompt further inquiry from the reviewers about justification for the trip cost. Rather, the total trip cost should be derived from the number of trips times the justifiable cost trip.
- Supplies: Separate supplies by item type, describing the program purpose or use. For each line item, n the number of units and the nit costs. The multiple of these two factors will yield the total for t line item. For example, an Applicant planning to buy 20 boxes of printer paper at \$30/box wou have a total line item cost of \$600. Again, although unit costs may include cents, once multiplie the number of units, the result must be rounded to the nearest whole dollar.
- Other: Separate item types; for awareness program cost items, such as ads, separate ad types radio, newspaper, etc) and include geography in which they will run.
- Contractual: For each line item, identify the contractor and note the number of contracted hours of s

and hourly rate, if applicable. For example, an Applicant planning to hire a technology consulta 100 hours at a rate of \$40/hour would have a total line item cost of \$4,000.

Indirect: Provide the indirect rate and basis used. In the space provided at the bottom of the pa briefly explain the calculation used to derive the indirect costs (including the indirect rate and v is included in the basis). If a negotiated indirect cost rate agreement exists and is being used, provided indirect cost rate agreement exists and is being used, provided indirect cost rate agreement exists and is being used.

The category subtotals for this Detailed Budget should correspond to the data provided in you 424A, and both the SF-424 budget and this Detailed Budget should match the Federal Grant Request and Total Match Amount provided on the Project Budget page of the application. Plear review both budget attachments, the budget narrative in the application, and the Project Budget page for consistency before submitting the application. If you are a submitting a PCC project van SF-424C instead of an SF-424A, the sections of this Detailed Budget will not align directly wick categories of the SF-424C, but you should complete this Detailed Budget, allocating costs to the appropriate cost categories.

The data provided via this attachment will be subject to automated processing. Applicants are therefore required to provide this attachment as an Excel file, and not to convert it to a PDF pr submitting a copy of their application on an appropriate electronic medium, such as a DVD, CC ROM, or flash drive. Additionally, applicants should not modify the format of this file.

EL PASO PUBLIC LIBRARY Memorandum

TO: BTOP Grant Reviewers

FROM: Carol Brey-Casiano, Director of Libraries

SUBJECT: PCC Detailed Budget Issue

DATE: March 12, 2010

Our PCC Detailed Budget included line items that were not rounded off to the nearest whole dollar, because the only way to make it round off would affect the format. We were also instructed not to alter the format, formulas or file type. Adding the formula ROUNDUP (cell#, 0) to the formulas that came with the template would have been treated as altering the format, as would have manually inputting the rounded off amount, since the formula it came with would have been deleted and replaced by the manual entry. El Paso Public Library consulted with the Help Desk about this matter, but the Help Desk did not have a quick answer and had to "escalate" it. The ticket number is 1393171 and it is associated with JM 1393171, sent by BroadbandUSA. This is the response that we received:

"Dear Broadband Customer,

The data provided via this template will be subject to automated processing. The Applicant is therefore required to provide this upload as an Excel file, and must not convert it to a PDF prior to upload. Additionally, the Applicant should not modify the format of the template

Thank you for contacting the Broadband USA Helpdesk.

Tom

BTOP Application Upload Instructions SF-424A and SF-424C Budget Forms

Please complete either the SF-424A or SF-424C forms included in this file. Please refer to the instructions provided with each form. The SF-424A should be used unless the major purpose of your project is construction, in which case the SF-424C should be completed. Construction means the construction of new buildings, completion of shell space in existing buildings, renovation or rehabilitation of existing buildings, and construction or development of real property infrastructure improvements (e.g., site preparation; utilities; streets; curbs; sidewalks; parking lots; and other streetscaping improvements, etc.). In contrast, alteration of facilities incidental to a non-construction purpose is not considered construction. For example, if the major purpose of an award is to allow a recipient to conduct digital literacy training courses, the renovation of a computer lab area would not be considered construction under this chapter.

You need only upload the completed budget form, and not this page or the SF-424 instructions.

INSTRUCTIONS FOR THE SF-424A

Public reporting burden for this collection of information is estimated to average 180 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0044), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in *Column* (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For new applications, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Line 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount, Show under the program

INSTRUCTIONS FOR THE SF-424A (continued)

narrative statement the nature and source of income. The estimated amount of program income may be considered by the Federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal Resources

Lines 8-11 Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a) - Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b) - Enter the contribution to be made by the applicant.

Column (c) - Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

Column (d) - Enter the amount of cash and in-kind contributions to be made from all other sources.

Column (e) - Enter totals of Columns (b), (c), and (d).

Line 12 - Enter the total for each of Columns (b)-(e). The amount in Column (e) should be equal to the amount on Line 5, Column (f), Section A.

Section D. Forecasted Cash Needs

Line 13 - Enter the amount of cash needed by quarter from the grantor agency during the first year.

Line 14 - Enter the amount of cash from all other sources needed by quarter during the first year.

Line 15 - Enter the totals of amounts on Lines 13 and 14.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Lines 16-19 - Enter in Column (a) the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Line 20 - Enter the total for each of the Columns (b)-(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

Section F. Other Budget Information

Line 21 - Use this space to explain amounts for individual direct object class cost categories that may appear to be out of the ordinary or to explain the details as required by the Federal grantor agency.

Line 22 - Enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied, and the total indirect expense.

Line 23 - Provide any other explanations or comments deemed necessary.

OMB Approval No. 4040-0008 **BUDGET INFORMATION - Construction Programs** Expiration Date 07/30/2010 NOTE: Certain Federal assistance programs require additional computations to arrive at the Federal share of project costs eligible for participation. INSTRUCTIONS FOR THE SF-424C

Public reporting burden for this collection of information is estimated to average 180 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0041), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

This sheet is to be used for the following types of applications: (1) "New" (means a new [previously unfunded] assistance award); (2) "Continuation" (means funding in a succeeding budget period which stemmed from a prior agreement to fund); and (3) "Revised" (means any changes in the Federal Government's financial obligations or contingent liability from an existing obligation). If there is no change in the award amount, there is no need to complete this form. Certain Federal agencies may require only an explanatory letter to effect minor (no cost) changes. If you have guestions, please contact the Federal agency.

Column a. - If this is an application for a "New" project, enter the total estimated cost of each of the items listed on lines 1 through 16 (as applicable) under "COST CLASSIFICATION."

If this application entails a change to an existing award, enter the eligible amounts *approved under the previous award* for the items under "COST CLASSIFICATION."

Column b. - If this is an application for a "New" project, enter that portion of the cost of each item in Column a. which is *not* allowable for Federal assistance. Contact the Federal agency for assistance in determining the allowability of specific costs.

If this application entails a change to an existing award, enter the adjustment [+ or (-)] to the previously approved costs (from column a.) reflected in this application.

Column. - This is the net of lines 1 through 16 in columns "a." and "b."

- Line 1 Enter estimated amounts needed to cover administrative expenses. Do not include costs which are related to the normal functions of government. Allowable legal costs are generally only those associated with the purchases of land which is allowable for Federal participation and certain services in support of construction of the project.
- Line 2 Enter estimated site and right(s)-of-way acquisition costs (this includes purchase, lease, and/or easements).
- Line 3 Enter estimated costs related to relocation advisory assistance, replacement housing, relocation payments to displaced persons and businesses, etc.

- Line 4 Enter estimated basic engineering fees related to construction (this includes start-up services and preparation of project performance work plan).
- Line 5 Enter estimated engineering costs, such as surveys, tests, soil borings, etc.
- Line 6 Enter estimated engineering inspection costs.
- Line 7 Enter estimated costs of site preparation and restoration which are not included in the basic construction contract.
- Line 9 Enter estimated cost of the construction contract.
- Line 10 Enter estimated cost of office, shop, laboratory, safety equipment, etc. to be used at the facility, if such costs are not included in the construction contract.
- Line 11 Enter estimated miscellaneous costs.
- Line 12 Total of items 1 through 11.
- Line 13 Enter estimated contingency costs. (Consult the Federal agency for the percentage of the estimated construction cost to use.)
- Line 14 Enter the total of lines 12 and 13.
- Line 15 Enter estimated program income to be earned during the grant period, e.g., salvaged materials, etc.
- Line 16 Subtract line 15 from line 14.
- Line 17 This block is for the computation of the Federal share. Multiply the total allowable project costs from line 16, column "c." by the Federal percentage share (this may be up to 100 percent; consult Federal agency for Federal percentage share) and enter the product on line 17.

PROFESSIONAL WORK EXPERIENCE

Information Technology,

City of El Paso, Texas

PC/LAN Specialist III January 2001 - Present)

• Serve as Telecommunications Project Planner / Special Projects Coordinator for all City of El Paso outside Plant & inside Plant design, construction and inspection. Typical duties include project planning and oversight of infrastructure cabling for voice, data and video components of all City projects, site surveys on potential projects, client interaction to determine departmental needs and solutions, provide budgetary costs, prepare detailed scope of work identifying resource, materials and other direct costs required to complete project, track all costs including labor and materials. Review City security camera needs and coordinate implementation of a new enterprise wide system with the police department's homeland security division. Assist the IT team with the implementation of a new enterprise wide access control system. During the past year I have worked closely with Traffic engineering, engineering and the Streets Department to insure the City's long range ITS & telecommunication needs are meet. Successfully managed over 300 projects to date. Have successfully designed, and built out over 50 miles of Fiber Optic to more than 20 City of El Paso facilities during the past two years.

Sun Apparel (Jones Apparel Group), El Paso, Texas 79936 (May 1996 – August 2001)

Network Support Specialist

Systems Administrator for WAN spanning from El Paso to Corporate offices New York City. Managed Novell, Windows NT, and Citrix
farm servers. Provided direct support to the production department to insure the servers provided a stable and efficient platform for all
CAD applications implemented. Installed/configured new servers analyzed and corrected system errors and performance problems.
Devised a plan to plot all Apparel patterns directly to plotters in Mexico, thereby eliminating the need to have the plans shipped daily by
truck to Mexico. This increased productivity by 10% and reduced shipping costs by over \$500,000 yearly.

Headquarters 5/62 Air Defense Artillery Battalion. (June 1990- December 1995)

Senior Manager. Tactical Operations Center, Manager. Tactical Air Defense Information Link - AWACS Aircraft.

 Managed all aspects of the satellite computer uplink to all A W ACS aircraft during Desert Storm. Installed the first mobile computer satellite communication link ever used by an air defense artillery unit. Result; flawless aircraft early warning was provided to 87-Air Defense Artillery units during Desert Storm.

Headquarters 6/3 Air Defense Artillery Battalion (June 1987 -May 1990)

Manager. Operations and Intelligence Division.

- Achieved 100% in training during all annual inspections. Exceeded quarterly training objectives 3 consecutive quarters.
- Implemented setup and trained over 300 personnel on the Zenith computer to include all related software. Set a new standard for professionalism in briefings to the Commanding General, by utilizing my expertise in various software packages. Developed, maintained and coordinated short and long range planning operations for the unit's six hundred personnel.

Staff and Faculty Battalion, Fort Bliss, Texas (May 1985- May 1987)

Automated Data Processing Systems Manager & Systems Security Officer for Deputy Commanding General.

Actively managed all operations for the INTEL 310 systems at Fort Bliss, resulting in a 50% increase in office productivity. Personally handled all security matters for the Deputy Commanding General at Fort Bliss.
