BTOP Comprehensive Community Infrastructure Project Plan and Build-out Timeline

Please complete the Project Plan and Build-out Timeline templates below. Note that these templates may be modified by applicants in order to provide the most effective presentation of the data for their specific project. Applicants should ensure, however, that they provide at least as much detail as the provided templates require.

For system stability reasons, it is recommended that you provide these documents in PDF format when submitting a copy of your application on an appropriate electronic medium, such as a DVD, CD-ROM, or flash drive. There is no need to provide this instruction page.

PROJECT PLAN

- Use the following table to list the major network build-out phases and milestones that can demonstrate that your entire project will be substantially complete by the end of Year 2 and fully complete by the end of Year 3. This is to be done at the aggregate level (combining all proposed funded service areas.)
- Indicated how the milestones listed below will demonstrate these completion objectives. The applicant should consider such project areas as: a) network design; b) securing all relevant licenses and agreements; c) site preparation; d) inside plant deployment; e) outside plan deployment; f) deployment of business & operational support systems; g) network testing; f) network operational. The applicant may provide any other milestones that it believes showcase progress.
- Project inception (Year 0) starts at the date when the applicant receives notice that the project has been approved for funding.
- In the table, provide any information (e.g., facts, analysis) to: a) demonstrate the reasonableness of these milestones; b) substantiate the ability to reach the milestones by the quarters indicated.

Time Period	Quarter	Milestones	Support for Reasonableness/Data Points
Year 0	-	 Execute Letter of Commitment with Fibertech Execute MOU's with DPS, CEN Execute appropriate Purchase Orders 	All involved parties have agreed to appropriate agreements and timelines and are awaiting award notification to sign and initiate project
	Qtr. 1	 Finalize Engineering and Project Plans Install Fiber, Equipment to 8 PFSA's encompassing 48 sites as outlined in Plan Implement and Turn-up installed sites (approx 7% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
Year 1	Qtr. 2	 Install Fiber, Equipment to 17 PFSA's encompassing 72 sites as outlined in Plan Implement and Turn-up installed sites (approx 11% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 3	 Install Fiber, Equipment to 34 PFSA's encompassing 159 sites as outlined in Plan Implement and Turn-up installed sites (approx 24% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 4	 Install Fiber, Equipment to 38 PFSA's encompassing 119 sites as outlined in Plan Implement and Turn-up installed sites (approx 18% of total) Complete appropriate documentation 	Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation

			resources.
Year 2	Qtr. 1	 Install Fiber, Equipment to 15 PFSA's encompassing 41 sites as outlined in Plan Implement and Turn-up installed sites (approx 6% of total) Complete appropriate documentation 	Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 2	 Install Fiber, Equipment to 16 PFSA's encompassing 63 sites as outlined in Plan Implement and Turn-up installed sites (approx 9% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 3	 Install Fiber, Equipment to 16 PFSA's encompassing 84 sites as outlined in Plan Implement and Turn-up installed sites (approx 13% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 4	 Install Fiber, Equipment to 8 PFSA's encompassing 19 sites as outlined in Plan Implement and Turn-up installed sites (approx 3% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
Year 3	Qtr. 1	 Install Fiber, Equipment to 9 PFSA's encompassing 22 sites as outlined in Plan Implement and Turn-up installed sites (approx 3% of total) Complete appropriate documentation 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 2	 Install Fiber, Equipment to final 8 PFSA's encompassing 40 sites as outlined in Plan Implement and Turn-up installed sites (approx 6% of total) Complete appropriate documentation Begin Post Implementation Cleanup 	 Involved parties have adequate resources available and have committed these resources for this project subject to award notification. This includes fiber installation crews, network engineers and other implementation resources.
	Qtr. 3	 Complete final documentation Project Closeout 	Project complete at this point
	Qtr. 4	•	•

BUILD-OUT TIMELINE

Complete the following schedule for *each* Last Mile or Middle Mile Service Area to note the degree of build-out, based on: a) infrastructure funds awarded; b) entities passed (households, businesses, and community anchor institutions.). <u>In addition, please complete a schedule that aggregates the build-out timeline across all of the Proposed Funded Service Area.</u>
