Authentication and Certifications

1. I certify that I am the duly Authorized Organization Representative (AOR) of the applicant organization, and that I have been authorized to submit the attached application on its behalf.
2. I certify that I have examined this application, that all of the information and responses in this application, including certifications, and forms submitted, all of which are part of this grant application, are material representations of fact and true and correct to the best of my knowledge, that the entity(ies) that is requesting grant funding pursuant to this application and any subgrantees and subcontractors will comply with the terms, conditions, purposes, and federal requirements of the grant program; that no kickbacks were paid to anyone; and that a false, fictitious, or fraudulent statements or claims on this application are grounds for denial or termination of a grant award, and/or possible punishment by a fine or imprisonment as provided in 18 U.S.C. §1001 and civil violations of the False Claims Act.
3. I certify that the entity(ies) I represent has and will comply with all applicable federal, state, and local laws, rules, regulations, ordinances, codes, orders and programmatic rules and requirements relating to the project. I acknowledge that failure to do so may result in rejection or deobligation of the grant or loan award. I acknowledge that failure to comply with all federal and program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.
4. I certify that the entity(ies) I represent has and will comply with all applicable administrative and federal statutory, regulatory, and policy requirements set forth in the Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements ("DOC Pre-Award Notification"), published in the Federal Register on February 11, 2008 (73 FR 7696), as amended; DOC Financial Assistance Standard Terms and Conditions (Mar. 8, 2009); the Department of Commerce American Recovery and Reinvestment Act Award Terms (Apr. 9, 2009); and any Special Award Terms and Conditions that are included by the Grants Officer in the award.
5. I certify that any funds awarded to the entity(ies) I represent as a result of this application will not result in any unjust enrichment of such entity(ies) or duplicate any funds such entity(ies) receives under federal universal service support programs administered by the Universal Service Administrative Corporation (USAC).
6. I certify that the entity(ies) I represent has secured access to pay the 30% of total project cost or has petitioned the Assistant Secretary of NTIA for a waiver of the matching requirement.

ASSURANCES - CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

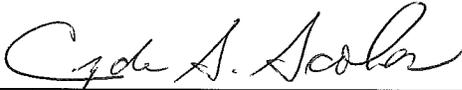

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal interest in the title of real property in accordance with awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progress reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

Mr. Clyde Scoles
Director/Fiscal Officer
Toledo-Lucas County Public Library
325 Michigan Street
Toledo, Ohio 43604

Dear Mr. Scoles:

I write to offer my enthusiastic support for your application to the U.S. Department of Commerce for a grant under the Broadband Technology Opportunities Program.

It is truly gratifying to me to see a grant application that combines a keen awareness of the potential of broadband technology with a demonstrated capacity to deliver services to the under-served segments of our diverse community. In a community that faces severe economic challenges, the Toledo-Lucas County Public Library has not wavered in its commitment to serve everyone—for free.

The Broadband Technology Opportunities Program (BTOP) was designed to stimulate sustainable economic development by providing high-speed Internet access to under-served residents. Your application meets that crucial test in a manner that, I predict, will be replicated throughout the nation.

The @CCESS CENTER concept in your application could easily serve as a model for other communities as they attempt to bridge the digital divide and bring the benefits of broadband to those who need it most. The Mobile Workforce Center, which builds on the library's 75 years of experience with the Bookmobile, will bring that tried and true example of community outreach into the 21st Century.

Our community's economy remains closely tied to the fortunes of the troubled automobile sector; we have suffered inordinately during the recent recession. Unemployment in the city of Toledo has *doubled* since 2006; the annual rate last year reached 13.4 percent. The Public Computer Center would not only help idled autoworkers and other unemployed citizens to find new jobs but would also create new and exciting educational opportunities for residents both young and old.

Mr. Clyde Scoles
February 17, 2010

Page Two

Your grant application recognizes the fact that Toledo now ranks as one of the poorest cities in America and then fashions a creative response to the endemic poverty in our central city by effectively retooling the Kent Branch as a community center.

Such a robust proposal could not have been achieved without close collaboration with a large number of local partners, including the private sector, the educational community, and social service agencies. I applaud you and your staff for the meticulous manner in which you reached out to all these segments of our community. The result is a sterling application that is as bold as it is innovative.

As a longtime supporter of the library, I would expect nothing less from an institution that is nationally renowned, having won the coveted four-star designation from *Library Journal* in 2009. Your application reflects the same high level of management expertise that made possible the \$45 million renovation and expansion of the Main Library and the ambitious capital improvement program at all 18 branches, including the LEED silver Reynolds Corners Branch. I regularly tell constituents that our libraries are more than bricks and mortar, more than books and videos—they are, in fact, community centers.

During these difficult times, the Toledo-Lucas County Public Library stands out as an elegant example of public service. The @CCESS CENTER will bring that service to a higher level in the digital age. It will ensure that our library system will be a critical component of our strategy to transform our local economy, create new jobs, and enhance educational opportunities. Please let me know if there is anything I can do, beyond this letter, to help achieve these important goals.

Sincerely,

MARCY KAPTUR
U.S. Representative

February 9, 2010

Mr. Clyde Scoles
Director
Toledo-Lucas County Public Library
325 Michigan St.
Toledo, Ohio 43604

Dear Mr. Scoles:

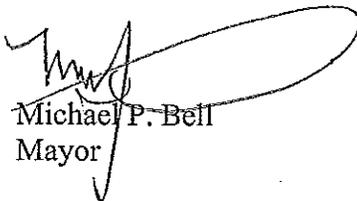

I am writing to express support of the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program grant proposal. I feel the Library is right on track by partnering with many local individuals, agencies, associations, businesses and schools of higher education to support the renovation of your Kent Library Branch to accommodate a large, state-of-the-art public computer center.

This project is vital to the greater Toledo area in providing access to broadband service for traditionally underserved consumers, such as the unemployed, low income, minority, children, seniors, hearing impaired, physically challenged and socially and economically disadvantaged small businesses. A larger computer center with broadband access will also spur job creation and stimulate long-term economic growth and opportunity.

The Library is the best match for this project because of its long history of literacy, reading, technology, outreach to seniors and children's programs. I am excited about the potential of this grant proposal to provide job and life skills computer training, expand K-12 Homework Centers, expand Read for Literacy programs, and offer a mobile computer lab for outreach to senior centers, housing units, community centers, youth and so much more.

This grant will improve the quality of life for residents in Lucas County. I applaud your efforts to secure this funding for greater access to technology resources for our residents and look forward to a positive outcome for the Toledo community. If I can be of further assistance on this issue, please contact my office.

Sincerely,

Michael P. Bell
Mayor

February 16, 2010

Mr. Clyde Scoles
Director/Fiscal Officer
Toledo-Lucas County Public Library
325 Michigan Street
Toledo, Ohio 43604

Dear Mr. Scoles:

On behalf of the Board of Lucas County Commissioners, I am writing to express support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program (BTOP), a federal stimulus grant proposal from the Dept. of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center.

The Library is partnering with many local agencies, associations, businesses, schools, and higher academic institutions to support an enhanced public computer center which we believe is vital to our area. Our theme is @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE.

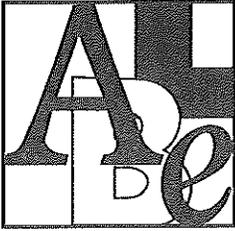

This partnership project will provide access to Internet service to traditionally underserved residents, such as the unemployed, low income, minority, children, seniors, hearing impaired, low vision, physically challenged and socially and economically-disadvantaged small businesses.

We are excited about the potential of this grant proposal to provide job and life skills, computer and Internet training, expand K-12 Homework Centers, assist individuals with financial aid, and offer a mobile computer lab for outreach to senior centers, housing units, community centers and youth. The @CCESS CENTER will also spur job creation and stimulate long-term educational opportunities and economic growth. The availability of Internet access is critical to attracting the business and development that our area so desperately needs to create well-paying jobs.

Lucas County is hopeful and supportive of the Library's @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE grant proposal. Our Library system serves as the most democratic cornerstone of our community. This is a win-win situation for the Library, local partners and the community and will improve the quality of life for residents in Lucas County.

Sincerely,

Tina Skeldon Wozniak
Lucas County Commissioner

RE: @ccess Center: The Public
Library of the Future

Dear Mr. Scoles:

On behalf of Advocates for Basic Legal Equality, Inc. (ABLE), I am writing to express our strong support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities program (BTOP), a federal stimulus grant proposal to the Dept. of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center (Project). We understand that the Library is partnering with many local agencies, associations, businesses, schools, and higher academic institutions to support an enhanced public computer center which we believe is vital to our area.

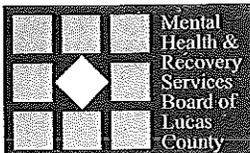

Advocates for Basic Legal Equality, Inc. (ABLE) and its partner organization, Legal Aid of Western Ohio, Inc. (LAWO), are regional nonprofit law firms that provide a full range of free, high quality legal assistance to low income groups and individuals to help them achieve self-reliance, economic opportunity, and equal justice. We are law firms for the poor. We serve low income residents in 32 counties of western Ohio including Lucas. Combined we are the largest provider of civil legal services to the poor in Ohio.

We are very supportive of the Toledo-Lucas County project @ccess Center: The Public Library of the Future and excited about its potential.

The Library's proposal will complement our efforts to improve broadband technology access to our low income community. The proposal is very compatible with our program – Legal Aid Line of Western Ohio (www.ablelaw.org), which serves as a model intake, referral and information system for low income individuals and social service agencies.

It is also a very good fit with our Mobile Benefit Bank, which assists low income individuals access much needed government benefits.

ABLE is funded
in part by:

The Library's Project will provide access to Internet service to traditionally underserved residents, such as the unemployed, low income, minority, children, seniors, hearing impaired, low vision, physically challenged and socially and economically disadvantaged small businesses.

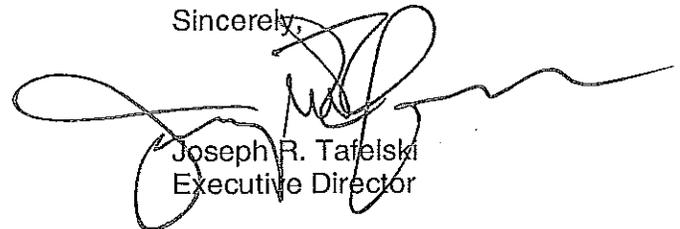

We are excited that this Project will provide job and life skills, computer and Internet training, assist individuals with financial aid, and offer a mobile computer lab for outreach to senior centers, housing units, community centers and youth.

We believe the Project will ultimately spur job creation and stimulate long-term educational opportunities and economic growth in our region. The availability of Internet access is critical to attracting the business and development that our area so desperately needs to create well-paying jobs.

ABLE supports the Library's @ccess Center: The Public Library of the Future grant proposal and urges the Department of Commerce to fund it. This Project will greatly improve the quality of life for residents of Lucas County.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joseph R. Tafelski', is written over the typed name. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Billie Johnson
President / CEO

Mr. Clyde S. Scoles, Director
Toledo-Lucas County Public Library
325 Michigan St.
Toledo, OH 43604

Dear Mr. Scoles:

The Area Office on Aging (AOoA) is committed to being a key partner with Toledo-Lucas County Public Library in an effort to win a federal stimulus grant from the Department of Commerce, National Telecommunications and Information Administration, Round 2: BTOP Public Computer Center. The partnership supports service to our disadvantaged and underserved Toledo and Lucas County residents at Kent Branch Library and with the mobile unit.

The AOoA's Kinship Navigator program has an extensive educational and enrichment program for grandparents as they raise their grandchildren. Kent Branch's @ccess Center will be a perfect match for intergenerational education classes because grandparents/grandchildren need the essential tools of computing and Internet access in this age of electronic information. Kent Branch is host to other important educational services, such as its Homework Helper afternoon school service and its numerous GED classes. These latter services will assist many of our residents who need their reading and comprehension skills enhanced prior to learning computer and Internet access skills.

Cybermobile service would boost our senior centers' ability to train more older adults, which are eager to have email accounts, access the Internet for general information, wellness and entertainment resources and to view YouTube, which is a mystery to some. AOoA opens its facilities to the cybermobile by allowing parking at its senior center parking lots and inviting mobile unit staff to enjoy the comfort of our staff areas for meals, breaks, and getting to know our staff.

The AOoA is hopeful and supportive of the Library's federal grant application to win a BTOP award for a free public computer center at Kent Branch and for the accompanying mobile unit that is so needed in Toledo and Lucas County.

Sincerely,

Billie Johnson

Dear Mr. Scoles:

The Lucas County Workforce Development Agency (LCWDA) is writing to express support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program (BTOP), a federal stimulus grant proposal from the Department of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center. The Library's partnership with many local agencies, associations, businesses, schools, and higher education institutions to support an enhanced public computer center is crucial to the growth of our community.

LCWDA/The Source will utilize the @CCESS CENTER for all of the career exploration, interviewing, Ohio Means Jobs (OMJ), resume/cover letter writing, and Dress for Success workshops that are currently offered on a monthly basis in person and also through pod casts.

The @CCESS CENTER will also spur job creation and stimulate long-term educational opportunities and economic growth. The availability of Internet access is critical to attracting the business and development that our area so desperately needs to create well-paying jobs.

LCWDA is hopeful and supportive of the Library's @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE grant proposal. Our Library system serves as the most democratic cornerstone of our community. This is a win-win situation for the Library, for local partners and for the community and will improve the quality of life for residents in Lucas County.

Sincerely,

Eric Walker, Director
Lucas County Workforce Development Agency

Mr. Clyde Scoles
Director/Fiscal Officer
Toledo-Lucas County Public Library
325 Michigan Street
Toledo, Ohio 43604

Dear Mr. Scoles:

The Lucas Metropolitan Housing Authority (LMHA) is writing to express support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program (BTOP), a federal stimulus grant proposal from the Department of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center. The Library is partnering with many local agencies, associations, businesses, schools, and higher academic institutions to support an enhanced public computer center, which we believe is vital to our area. Their theme is @CESS CENTER; THE PUBLIC LIBRARY OF THE FUTURE.

This partnership project will provide access to Internet service to traditionally underserved residents, such as the unemployed, low income, minority, children, seniors, hearing impaired, low vision, physically challenged and socially and economically disadvantaged small businesses. We are excited about the potential of this grant proposal to provide job and life skills, computer and Internet training, expand K-12 Homework Centers, and assist individuals with financial aid.

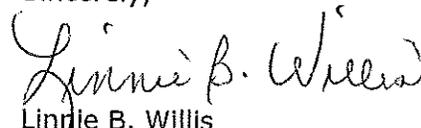

In addition to Internet access at Kent Branch, there will also be a mobile computer lab for outreach training to senior centers, housing units, community centers and others.

The @CESS CENTER will spur job creation, and stimulate long-term education opportunities and economic growth. The availability of Internet access is critical to attracting the business and development that our area so desperately needs to create well-paying jobs.

LMHA is excited to partner with this project, as many of our residents do not have access to computers and the Internet unless they go to the library, and sometimes transportation can be a major barrier for them. The mobile computer lab will allow our residents to have access for job exploration, resume writing, on-line education and many other programs right at their doorstep, alleviating the transportation barrier completely.

The Administration and residents of the LMHA are hopeful and supportive of the Library's @CESS CENTER; THE PUBLIC LIBRARY OF THE FUTURE grant proposal. Our Library system serves as the most democratic cornerstone of our community. This is a win-win situation for the Library, local partners and the community, and will improve the quality of life for residents in Lucas County.

Sincerely,

Linnie B. Willis

Mr. Scoles:

The Neighborhood Health Association is supportive of the Library's @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE grant proposal. Our Library system serves as the most democratic cornerstone of our community. This is a win-win situation for the Library, local partners and the community and will improve the quality of life for residents in Lucas County.

Our organization provides health, dental and a significant range of supportive services to a broad cross section of our community, most of whom are the exact population this application intends to serve. A resource of the type addressed by this submission would literally change the lives of its users. Access to a Computer Center for this population, one for which computer use is not so easily available, will allow for better employment and training opportunities. It will provide access to a myriad of educational resources and deliver a vision of the world to its users not otherwise available to them. This type of access is the stuff of which hopes and dreams are made; you can't get much better than that.

We see this application squarely on point with the focus of our mission and as such, are excited about our involvement in this project. If we may be of assistance in any way as you move forward in this process, please do not hesitate to let me know.

Sincerely,

Doni Miller, CEO

Re: BTOP Letter of Support

Dear Mr. Scoles:

On behalf of Owens Community College I would like to express my support of the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program (BTOP) grant proposal. The Library is partnering with many local agencies, associations, businesses and higher education institutions to support a larger public computer center which is vital to our area.

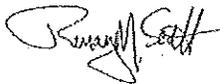

This partnership project will provide access to broadband service to traditionally underserved consumers, such as the unemployed, low income, seniors, children and those with disabilities. Owens is excited about the potential of this grant proposal to provide job and life skills computer training, expand K-12 Homework Centers, assist individuals with financial aid, and offer a mobile computer lab for outreach to senior centers, housing units, community centers and youth.

A larger computer center with broadband access will also spur job creation and stimulate long-term educational opportunities and economic growth. The availability of this technology is critical to attracting the business and development that our area so desperately needs to create employment opportunities with a family sustainable wage.

As part of its commitment to the project, Owens Community College will provide student support for the computer center. Students will offer a variety of services such as assisting the public with basic computer issues and providing technical support. Those who utilize the computer center will benefit from the knowledge of our Information Technology students and the students in turn will have the opportunity to participate in a service learning experience.

Owens Community College is hopeful and supportive of the Library's BTOP proposal. Our library system serves as the most democratic cornerstone of our community. This is a win-win situation for the Library, local partners and the community and will improve the quality of life for residents in Lucas County.

Sincerely,

Renay Scott, Ph.D.

Mr. Clyde Scoles
Director/Fiscal Officer
Toledo-Lucas County Public Library
325 Michigan St.
Toledo, OH 43604

Dear Mr. Scoles:

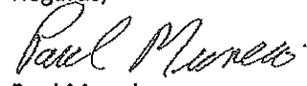

On behalf of the ProMedica Health System, I am pleased to write this letter in support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program, a federal stimulus grant proposal from the Department of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center. As the leading health care provider in northwest Ohio and southeast Michigan, it is imperative for ProMedica Health System to be a key partner in this project. Our needs for a well-trained, highly educated workforce are growing and as we strive to meet our mission of providing the best possible health care for patients and families, we must educate, train, recruit, and retain skilled workers. The need in Toledo cannot be overestimated.

Senior Grant Writer Linda Dove and I are willing to review the Library's BTOP written application prior to submission and to make recommendations to clarify, strengthen and improve its contents. It is essential that we win federal funds for Kent Branch's enlarged free public computer center and the traveling mobile unit because they are critical to computer and Internet training for our underserved residents. The availability of Internet access is crucial to attracting the business and development that our area so desperately needs to create well-paying jobs.

ProMedica Health System also commits to sharing its planned community health care and wellness network as a high speed Internet link to the Library. All Library patrons, including the most vulnerable, will have free access to text and multimedia presentations on diet, nutrition, wellness education, and preventative care, as well as medical and pharmaceutical information and data. Kent Branch and the cybermobile are well positioned to partner in this task.

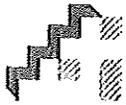

ProMedica Health System is supportive of the @ccess Center: The Public Library of the Future grant proposal. Our Library system is a dynamic, vibrant community asset and the quality of life for residents in Toledo and Lucas County, and indeed the entire community, will benefit from this project. Please do not hesitate to contact me directly about our support.

Regards,

RE: @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE

Dear Mr. Scoles:

Mercy St. Vincent Medical Center is writing to express support for the Toledo-Lucas County Public Library's Broadband Technology Opportunities Program (BTOP), a federal stimulus grant proposal from the Department of Commerce, National Telecommunications and Information Administration, Round 2: Public Computer Center. Along with Mercy St. Vincent's, the Library is partnering with many local agencies, associations, businesses, schools, and institutions of higher education to support an enhanced public computer center which we believe is vital to our area.

This partnership project will provide access to Internet service to the underserved residents of this community who are unemployed, low income, minority, children, seniors, hearing impaired, low vision, physically challenged and otherwise disadvantaged. The grant application proposes to provide job and life skills, computer and Internet training, expand K-12 Homework Centers, assist individuals with financial aid, and offer a mobile computer lab for outreach to senior centers, housing units, community centers and youth. The @CCESS CENTER will also spur job creation and stimulate long-term educational opportunities and economic growth. The availability of Internet access is critical to attracting the business and development that our area so desperately needs to create well-paying jobs.

Mercy St. Vincent Medical Center supports the Library's @CCESS CENTER: THE PUBLIC LIBRARY OF THE FUTURE grant proposal because it parallels our mission to improve the health of our communities with emphasis on people who are poor and under-served. We have a long history in this community and have been a leader in promoting community development. We have also experienced first hand, how knowledge and access can improve a family's life. This is a win-win situation for the Library, local partners and the community and will improve the quality of life for residents in Lucas County.

Sincerely yours,

Imran A. Andrabi, M.D.

Estimate

January 20, 2010

Base Bid

General Construction	
Project Layout	\$1,500.00
Job Box	\$50.00
Project Coordination	\$12,000.00
Project Meetings	\$4,000.00
Telephone/Fax	\$600.00
Dumpster	\$5,300.00
Barricades	\$1,000.00
Final Clean UP	\$3,000.00
Project Sign	\$600.00
Submittals	\$400.00
Winter Conditions	\$4,500.00
Progress Schedule	\$1,500.00
Mobilization	\$350.00
Permits	\$2,525.00
Concrete Testing	\$1,500.00
Heating Equipment	\$4,500.00
Temp. Fence	\$500.00
Abatement	\$14,000.00
Benches	\$5,000.00
Tree Grates	\$7,500.00
Sitework	\$10,000.00
Paving Stripping	\$1,000.00
Landscaping	\$5,360.00
Demolition	\$49,510.17
Concrete	\$29,270.00
Masonry	\$38,806.70
Structural Steel	\$13,869.51
Joist & Decking	\$3,675.00
Steel Erection	\$5,800.00
Carpentry	\$324.63
Casework	\$58,360.00
Roofing	\$227,567.00
Caulking	\$750.00
Doors, Frames & Hard	\$16,800.00
Aluminum Entrances	\$60,000.00
Alucabond Panels	\$24,975.00
Drywall Acoustical	\$188,000.00
Floor Coverings	\$57,138.00
Painting	\$17,885.00
Signage	\$1,200.00
Toilet Partitions	\$2,300.00
Toilet Accessories	\$500.00
Fire Ext.	\$400.00
Library Equipment	\$3,000.00

Movable Wall	\$27,783.00
Window Shades	
Fire Place	\$3,000.00

EXISTING SITE PLAN / DEMOLITION PLAN
SCALE: 1" = 20'

DEMOLITION LEGEND	
	CONTRACTOR TO REMOVE EX. ASPHALT & ADJACENT BASE. PREPARE AREA FOR PLACEMENT OF NEW CONCRETE CURBS & SIDEWALKS. SEE DETAIL ON SHEET C2. CONTRACTOR TO RECYCLE ASPHALT.

- GENERAL NOTES:**
- 1) SITE INFORMATION OBTAINED FROM EXISTING PLANS & SITE VISITS BY BUEHRER GROUP ARCHITECTURE & ENGINEERING INC. ALL UTILITIES SHALL BE VERIFIED BY THE CONTRACTOR PRIOR TO THE START OF ANY WORK.
 - 2) PROTECT TREES AS NOTED ON DRAWINGS BY PROVIDING TEMPORARY FENCING AT DRAIN LINE. PROTECT SOILS WITHIN DRAIN LINE FROM CONSTRUCTION.
 - 3) CONTRACTOR SHALL BE RESPONSIBLE FOR REGRADING & SEEDING ANY AREAS OF LAWN DISTURBED DURING CONSTRUCTION.
 - 4) CONTRACTOR TO DEMO DEMOLISHED CONCRETE & ASPHALT FOR RECYCLING.
 - 5) CONTRACTOR TO CUT & CAP IRRIGATION LINES AS REQUIRED TO COMPLETE PROJECT. REMOVE IRRIGATION HEADS & TURN OVER TO OWNER.

ENLARGED COURTYARD DEMOLITION PLAN
SCALE: 1" = 10'

- GENERAL NOTES:**
- 1) ALL PLANTINGS IN THE COURTYARD ARE TO BE REMOVED. SEE ARCHITECTURAL DRAWING D1 FOR MORE INFORMATION.
 - 2) COORDINATE DEMOLITION WORK IN THIS AREA WITH ALL DISCIPLINES INVOLVED IN THE PROJECT.
