STATE OF INDIANA

INDIANA UTILITY REGULATORY COMMISSION

IN RE THE APPLICATION OF ZAYO)
BANDWIDTH INDIANA, LLC FOR A)
CERTIFICATE OF TERRITORIAL)
AUTHORITY TO PROVIDE FACILITIES-)
BASED INTEREXCHANGE AND CALLER ID)
SERVICES WITHIN THE STATE OF INDIANA)

CAUSE NO. 43478

FINAL ORDER

APPROVED: MAY 14 2008

BY THE COMMISSION:

Lorraine Hitz-Bradley, Administrative Law Judge

On April 4, 2008, Zayo Bandwidth Indiana, LLC ("Applicant") filed its Application ("Application") with the Indiana Utility Regulatory Commission ("Commission") for a Certificate of Territorial Authority ("CTA") to provide certain communications services within the State of Indiana, as captioned herein. The Commission published notice as required by law that an application for a CTA to provide communications services within the State of Indiana was filed with the Commission and, absent a timely challenge, the application may be granted without a hearing.

Based upon information contained in the Application and applicable law, the Commission makes the following findings:

1. **Commission Notice and Jurisdiction.** Due, legal and timely notice of the Application was given and published by the Commission in accordance with the Commission's Order in Cause No. 43009.¹ Applicant requests the issuance of a CTA pursuant to Ind. Code § 8-1-2-88 and, therefore, the Commission has jurisdiction over the Applicant and the subject of this Cause.

2. **Commission Discussion and Findings.** The Applicant filed an application for a CTA demonstrating its legal authority and describing its financial, technical and managerial ability to provide the proposed communications services in the service areas identified in the application. The Applicant also provided information indicating the type, means and location of service that the Applicant proposes to provide and represented that such proposed service would be in the public interest and in furtherance of the goals of full and fair competition.

The Application was filed with the Commission on April 4, 2008. Notice of the Application was posted to the Commission's web site, and no timely written request for an intervention or a hearing was made by any entity during the 30-day posting period. The Commission has not, on its own Motion, determined a need for a hearing in this Cause. Accordingly, no hearing is required in this Cause.

¹ Order to Implement Application and Expedited Process for Approval of Certificates of Territorial Authority to Telecommunications Service Providers in Accordance with HEA 1279 and Ind. Code § 8-1-2.6-2, Cause No. 43009, 2006 Ind. PUC LEXIS 156 (Ind. Util. Regulatory Comm'n Mar. 29, 2006).

Therefore, based upon the information provided by the Applicant in its Application, the Commission finds that a Certificate of Territorial Authority for the specific communications services proposed to be offered within the service areas identified in its Application should be issued to the Applicant, consistent with and subject to the following findings.

The Applicant shall comply with all applicable legal requirements pertaining to the provision of the communications services authorized by this CTA, including without limitation, the following.

a. **Public Utility Fees.** Payment of all public utility fees assessed by the Commission, pursuant to I.C. § 8-1-6, *et seq.*

b. **Call Blocking.** Offering of per-call or per-line blocking for law enforcement and crisis intervention agencies, pursuant to I.C. § 8-1-2.9-2(a).

c. **Indiana Universal Service Fund.** Payment of all required assessments into the Indiana Universal Service Fund (“IUSF”), based on the “net billed intrastate retail telecommunications revenue”, pursuant to the “Implementation Guidelines” attached to the July 25, 2007, docket entry issued in Cause No. 42144, or pursuant to any IUSF-related requirements, rules, or procedures the Commission may issue in the future.

d. **Notice of Initiation of Service.** Pursuant to I.C. § 8-1-32.5-6(b)(3)(D) and I.C. § 8-1-32.5-6(a)(9)(A), filing of a notice with the Secretary of the Commission of each of its “in service” dates. (i.e., the dates on which Applicant “commences offering communications service in each service area identified in the provider’s application under [I.C. § 8-1-32.5-6(a)(4)]” and/or in future deployments in a new service area), within ninety (90) days of each such in-service date.

e. **Additional Filing Requirements.** Filing of any other data, information, or reports required or requested by the Commission, including but not limited to any financial, market performance, and quality of service reports.

f. **Other Customer Notifications.** Providing appropriate notice to customers when Applicant offers new communications services, discontinues communications services, and/or increases rates and charges for communications services “in any of the provider’s service areas in Indiana” pursuant to I.C. § 8-1-32.5-11(b) and related customer notification requirements, rules, or procedures the Commission may issue in the future.

g. **Notice of Changes.** Notify the Commission after the issuance of this certificate of the occurrence of any change involving either the provider or the certificate issued, pursuant to applicable requirements established in Cause No. 39983,³ including future Commission updates or modifications, if any, to those requirements. Pursuant to I.C. § 8-1-32.5-6(b)(3)(C), Applicant should also notify the Commission of any modifications to the information submitted under I.C. § 8-1-32.5-6(a) as part of the application that is the subject of this Order.

³ *In the Matter of the Investigation on the Commission’s Own Motion Into Any and All Matters Relating to Local Telephone Exchange Competition Within the State of Indiana*, Cause No. 39983, Order at 3-4, 2001 Ind. PUC LEXIS 693 (Ind. Util. Regulatory Comm’n Dec. 19, 2001).

IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

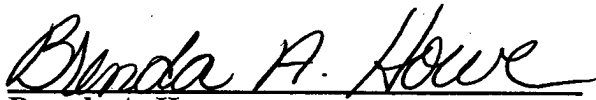

1. Subject to the Findings set forth in this Order, the Applicant Zayo Bandwidth Indiana, LLC is hereby issued a Certificate of Territorial Authority, as described above and as requested in Section IIA of the Application that is the subject of this Order.

2. This Order shall be effective on and after the date of its approval.

HARDY, GOLC, SERVER AND ZIEGNER CONCUR; LANDIS ABSENT:

APPROVED: MAY 14 2008

I hereby certify that the above is a true and correct copy of the Order as approved.

Brenda A. Howe
Secretary to the Commission

June 18, 2009

On behalf of our 31 member colleges and universities, the Independent Colleges of Indiana wish to express our full support for the joint proposal of the IHETS and I-Light Network to complete Indiana's I-Light fiber optic network to connect all members of the Indiana higher education community.

The proposal to fully connect all of Indiana's colleges and universities ranks among the most important initiatives for higher education in Indiana. A key component to our collective success is the full connection of all ICI schools via I-Light. The virtues of collaboration cannot be ignored, as they allow institutions to accomplish more for less collectively than we could do on our own, and the impact and cost savings is invaluable and immeasurable. I-Light enhances education, facilitates research, drives outreach, and makes possible shared technology services and greater operational efficiencies. Indeed, full completion of the I-Light network would position Indiana institutions to meet the growing technology needs of our faculty, students, alumni and friends. As our technology improves, and we are connected to each other in the state and the higher education community nationally via I-Light, so too improves our quality of education and our ability to drive and participate in research and partnership projects. As of today, 13 of the 31 ICI member campuses remain unconnected to I-Light, meaning that approximately 22,000 Indiana students, faculty and staff are unable to benefit from this service.

Technology is no longer a luxury or an afterthought – it is as essential to higher education as other public infrastructure like roads and electricity. We are requesting your highest consideration for the State's continued support of IHETS and for I-Light funding — both are critical mechanisms to ensuring that ICI member institutions continue to thrive and, therefore, economically benefit Indiana and the nation. Thank you for your consideration.

Sincerely,

Patrick Alles
Director of Research and Technology

OFFICE OF THE
PRESIDENT

To Whom It May Concern:

I am writing to express my strongest support for the use of federal stimulus funds from the Broadband Technology Opportunities Program to complete the I-Light vision for the State of Indiana. Indiana was a pioneer in 1999 when the state invested \$5.3M to create the nation's first optical research and education network that was owned and operated by higher education. That original network connected the state's major research universities with great success.

In 2005, the state built upon that success by investing another \$12M to expand the I-Light network to connect every institution of higher education in the state to the I-Light fiber optic network. The network fiber optic backbone is now completed across the state by contract with commercial carriers and through competitive bidding. The pressing need is to complete the vision by connecting the remaining colleges and universities to I-Light via last mile fiber.

The virtues of cross-institutional collaboration for research and education cannot be overstated in its necessity for the state. Collaboration allows for more rapid scientific breakthroughs and expanded educational opportunities, provides substantial cost savings, and leads to accomplishment beyond what any one organization is capable of achieving alone. The connection of all schools via I-Light is an essential tool for realizing this type of collective success within the state Indiana.

The operational parts of the I-Light network are already a catalyst for revamping the state's economy to a greater role in the research and education in the life and health sciences. For example, it connects institutions in all corners of the state and enables the state's single School of Medicine to effectively deliver distributed education programs to its Medical Education Centers that now serve the first three years of medical education. I-light is a critical element of the state's Clinical and Translational Science Award from the NIH where institutions across the state are collaborating to improve health.

Technology and very high speed connections are essential for advanced education at all levels for colleges and universities, and the State of Indiana has already invested heavily from its own resources to achieve this vision. In these difficult times for our economy, completing I-Light is a shovel ready project that will continue to extend the already proven benefits to the rest of the state. The federal stimulus program is timely for the needs of Indiana, and the I-Light expansion is a perfect and proven blend of a public-private partnership to advance the state.

Yours sincerely,

Michael A. McRobbie

Marianne Chitwood, Operations Manager
I-Light – Indiana's Higher Education Optical Network
2715 East 10th Street
Bloomington, IN 47408

Dear Ms. Chitwood:

On behalf of Purdue University, I wish to express my organization's full support of the proposal for Indiana's I-Light fiber optic network to connect all members of the Indiana higher education community. Fully connecting Indiana's colleges and universities will significantly expand collaborative educational research opportunities, and ranks among the most important higher education initiatives in Indiana.

The virtues of cross-institutional collaboration cannot be overstated. Collaboration allows for more rapid scientific breakthroughs and expanded educational opportunities, provides substantial cost savings, and leads to accomplishment beyond what any one organization is capable of achieving alone. The connection of all schools via I-Light is a critical step toward realizing this type of collective success within the state Indiana.

I-Light enhances education, facilitates research, drives outreach, and makes possible shared technology services and greater operational efficiencies. Indeed, full completion of the I-Light network would position Indiana institutions to meet the growing technology needs of our faculty, students, alumni and friends.

Technology is no longer a luxury and must not be an afterthought in Indiana's strategic planning for higher education; it is now as fundamental to successful higher education as other basic infrastructures such as classrooms and electricity. For this reason, Indiana must be proactive in pursuing opportunities like the proposed I-Light expansion, which will not only provide services that are now considered basic and essential, but which also will position Indiana schools at the leading edge of collaborative education and research.

Sincerely,

France A. Córdoba
President

Dear Ms. Thompson:

(Corrected Letter)

The Office of the Mayor's Minority Business Development Division has completed its review of your firm's application for certification as a certified **Women Business Enterprise (WBE.)**

Your company is hereby certified with the City of Indianapolis in the **Construction Trade** specializing in **Underground Utility**. This certification is issued pursuant to the City's Minority & Women Business Utilization Plan, part B.

Your certification is valid from **October 3, 2007** through **October 31, 2010** and is subject to revocation if: (1) changes in ownership; managerial or operational control causes your firm to no longer qualifies for the City's M/WBE Program; (2) or if just cause is determined through established investigative procedures; or (3) The status of your home state certification has changed.

M/WBE firms **must** inform DEO, in the form of a sworn affidavit, of any changes affecting the ability of the firm or its owners to meet the guidelines of the City's Utilization Plan with regards to ownership, control or the other certification requirements of the City Minority & Women Business Utilization Plan, part B. **(Affidavits must be received within thirty (30) days of the change.)** Additionally, M/WBE firms must provide **yearly** to the Office of the Mayor a **No Change Statement** stating that the qualifying owner(s) continue to meet the ownership and control requirements of the City's Utilization Plan. The No Change Statement will be mailed to your firm approximately sixty (60) days prior to your anniversary date.

This certification is not necessarily accepted by other States or Agencies and does not verify the ability of your firm to perform the types of work you may indicate.

Please complete the enclosed form so that your firm can be added to the City of Indianapolis/Marion County Vendor's Mailing List. Contact the Central Purchasing Division, Room 1522, City -County Building or call (317) 327-4900, if you have questions.

Sincerely,

Robert Ransom
