

## **Public Notice Submission**

**Provider Name:** Haviland Telephone Co., Inc.

**Summary:** Haviland Telephone is a small ILEC in south-central Kansas providing regulated and non-regulated communications services since 1949. Our service footprint stretches across 150 miles, covering about 1500 square miles. We provide service in the counties of Barber, Comanche, Harper, Kingman, Kiowa, Pratt, Sedgwick, and Sumner, including 12 small towns and communities. We cover our regulated area with fiber-fed digital loop carrier, capable of providing DSL to every customer location, regardless of location, at the speeds advertized. In the town of Greensburg and surrounding rural area, we provide similar speeds via Wi-max.
