

Special Award Conditions

Award Number: NT10BIX5570158

Amendment Number: 16

1) Special Award Condition for Extended Performance Period to December 31, 2015

The period of performance for this award is extended to December 31, 2015.

The recipient understands and agrees that the National Telecommunications and Information Administration and the NOAA Grants Office will not be responsible for the payment of any expenses to close out its award after approving its final ASAP payment for September 15, 2015.

Within ten (10) days of this amendment, recipient shall submit a 90-day plan describing how it will complete the project and conduct closeout within the remaining funds available. Funds drawn from BTOP recipient's ASAP account for the eventual use in the closeout of BTOP recipient's award do not need to be obligated prior to September 30, 2015.

However, if BTOP recipient uses these advanced funds for costs not related to closeout and project activities, then the NOAA Grants Office will establish a debt for either a portion or the entirety of the funds provided under the BTOP award.

The recipient must also provide monthly reports documenting the use of funds. In addition to providing these reports, the Recipient will be required to fulfill their annual and quarterly performance progress report obligations as long as defined by BTOP recipients SACs, regardless of any other end dates or deadlines associated those reports.

BTOP recipients must continue to adhere to all requirements in 15 C.F.R. Part 14 and 24 as applicable. Specifically, 15 C.F.R. §14.22 (k) and 15 C.F.R. §24.21 (i) which indicate that advances must be held in interest bearing accounts.
