Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

Pine constructed 40 new broadband sites and new middle mile to each site. The original application proposed 32 new broadband sites but through cost savings Pine was able construct an additional 8. Through the BTOP award Pine is covering 22 Community Anchor Institutions which is 2 more than the proposed. Pine is now providing last mile internet access to residences and business in the application area. Through BTOP, emergency response teams have improved communications during emergencies because of broadband access and mobile radio coverage. Pine has donated space on the BTOP funded towers for the placement of emergency responder radio systems.
