AWARD NUMBER: NT10BIX5570089 DATE: 08/09/2011

3. To the extent not covered above, please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

The indicated variance from the baseline plan for the previous quarter occurred as a result of delays in the finalization of an agreement for the use of the identified network site owners. These delays are primarily due to our public safety partners continuing efforts to create a JPA and finalize negotiation and signature of the BOOM agreement with Motorola. In addition, Motorola is currently in the process of bidding the LTE network equipment which has caused a delay in the timing of equipment ordering.

4. Please report the following information regarding network build progress. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Unless otherwise indicated in the instructions, figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the total is different from the target provided in your baseline plan (600 words or less).
