**Project Indicators (This Quarter)**

**1. Please describe significant project accomplishments completed during this quarter (600 words or less).**  
 The activities for this quarter included deployment of an additional 121 miles of off-net (new) and 623 miles on-net (upgraded) fiber bringing the total deployed fiber for the project to 923 miles of off-net and 7267 miles of on-net fiber. Completed installations at 109 additional sites. Continued fiber deployment and optical span activation to core and edge sites as planned for this quarter. Continued site remediation and site survey tasks at edge sites as required. Received approval for submitted Route Modification request. Completed equipment ordering to meet planned deployment schedules. Conducted weekly project and status review meetings with all project teams and management stakeholders. Collect and assembled information surrounding key project metrics. Produce and file appropriate reports relative to the project and financial status with the necessary entities and stakeholder groups.

**2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline plan, please insert them at the bottom of the table. Unless otherwise indicated in the instructions, figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).**

	Milestone	Percent Complete	Narrative (describe reasons for any variance from baseline plan or subsequent written updates provided to your program officer)
2a.	Overall Project	74	Slightly below original plan. This is because of later than anticipated start of fiber deployment due to delayed initial FONSI receipt resulting in overall expenditures being less than projected at this time. It is anticipated that this variance will be corrected by the end of Q4-2012.
2b.	Environmental Assessment	100	Zero Variance
2c.	Network Design	100	Zero Variance
2d.	Rights of Way	0	N/A
2e.	Construction Permits and Other Approvals	0	N/A
2f.	Site Preparation	0	N/A
2g.	Equipment Procurement	75	Zero Variance
2h.	Network Build (all components - owned, leased, IRU, etc)	77	Slightly ahead of schedule
2i.	Equipment Deployment	79	Slightly ahead of schedule
2j.	Network Testing	79	Slightly ahead of schedule
2k.	Other (please specify):	33	Slightly behind schedule. This milestone category includes ongoing project management activities and professional services activities (equipment installations, site surveys, site mitigation activities). Because of invoice timing and acceptance verifications, expenditures are delayed. It is anticipated that this milestone will continue to lag behind schedule until Q2-2013.

**3. To the extent not covered above, please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).**  
 Previous quarter impacts from delayed initial FONSI receipt, additional SAC requirements and delayed start of deployment activities continue to affect originally planned milestone projections. Additionally, a substantial Route Modification was approved late in the quarter. It is anticipated that these schedule variances from the baseline will be fully mitigated by the end of Q4-2012. Additionally, an equipment delivery issue that affected the total number of sites completed in the previous quarter was remediated.

**4. Please report the following information regarding network build progress. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Unless otherwise indicated in the instructions, figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the total is different from the target provided in your baseline plan (600 words or less).**

Because of invoice timing and acceptance verifications, expenditures are delayed. It is anticipated that this milestone will continue to lag behind schedule until Q2-2013.

**3. Please describe any challenges or issues anticipated during the next quarter that may impact planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).**

The Route Change request was approved late in Q3-2012. As such, some sites that were originally planned to be completed have been delayed slightly. This may have a potential impact on sites to be completed during Q4-2012. Additionally, as the winter months approach, unexpected weather conditions may impact fiber deployment and sites completed.
