

FIRST PERFORMANCE PROGRESS REPORT 2010

1. Recipient Organization (<i>Name and complete address including zip code</i>) PORTLAND STATE UNIVERSITY 2121 SW 4 th AVE. PORTLAND, OR 97201	2. Award Identification Number 41-43-B10593
3. Performance Narrative (Q1) <i>Please describe your project activities and progress for the first quarter of your award period. This should include a description of federal expenditures to date, key milestones, the primary activities needed to accomplish those milestones, significant project accomplishments, and any delays or challenges. Please use the milestone categories provided in your baseline report (e.g., equipment purchases, outreach activities, training programs) to help structure your answer. (500 words or less)</i> This project began in the last few days of the first quarter. There were no federal expenditures. The process of contacting sub-recipients and drafting sub-recipient agreements was initiated.	
4. Performance Projections (Q2) <i>Please describe your anticipated project activities and progress for the next quarter. This should include a description of federal expenditures, key milestones, the primary activities needed to accomplish those milestones, significant project accomplishments, and any potential delays or challenges you foresee. Please use the milestone categories provided in your baseline report (e.g., equipment purchases, outreach activities, training programs) to help structure your answer. (500 words or less)</i> The first half of Q2 will be focused on the development of Learning Plans, orientation of our implementation partners and the fomentation of implementation strategy. The second half of Q2 will see the continuing development and optimization of LPs, the creation and use of shared material to promote public awareness, volunteer recruitment and new-to-broadband outreach as well as the refinement of implementation procedures. Throughout Q2 we will continue to: build our internal communication channels (primarily our Ning social network and interactive webinars), specialize the Learner Web software for the BTOP project and develop procedures for timely and accurate reporting. Key milestones for Q2 are: <ul style="list-style-type: none">• Development Team meeting in St. Paul, MN• National Leadership meeting in Portland, OR• Draft outlines of Learning Plans• Draft implementation plans for sub-recipients• Establishment of a data collection system for volunteer monitoring• Establishment of sub-recipient reporting system An initial LP Design team meeting will strategize on the scope and structure of Learning Plans for both new-to-broadband participants and the tutors who will support them. This project will carry on via our Ning network, fostering synergy between development of tutor training Learning Plans and digital/broadband literacy Learning Plans. The first National Leadership Team meeting in the second month of Q2 will focus on developing our implementation practices as well as strategy surrounding recruitment of tutors and outreach to new-to-broadband participants. Sub-recipients will also be given instruction and guidance on reporting requirements. Federal expenditures will include personnel/fringe benefits, travel, meeting expenses, consultant and sub-receipients.	

5. Certification: I certify to the best of my knowledge and belief that this report is correct and complete for performance of activities for the purposes set forth in the award documents.

5b. Signature of Authorized Certifying Official	5d. Email Address reders@pdx.edu
	5e. Date Report Submitted (<i>Month, Day, Year</i>)

According to the Paperwork Reduction Act, as amended, no person is required to respond to, nor shall any person be subject to penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 1 hour and 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Anthony G. Wilhelm, Director, Broadband Technology Opportunities Program, Office of Telecommunications and Information Applications, National Telecommunications and Information Administration, U.S. Department of Commerce (DOC), 1401 Constitution Avenue, N.W., HCHB, Room 4887, Washington, D.C. 20230.
