STATE OF MISSISSIPPI
WIRELESS COMMUNICATION COMMISSION

The Honorable Lawrence E. Strickling
Assistant Secretary

US Department of Commerce
1401 Constitution Ave., N.W.
Washington, DC 20230

Dear Secretary:

We are writing to express our full support of the Round Two Broadband Technology Opportunities Program (BTOP) application submitted by the Office of the Governor, State of Mississippi.

The Mississippi Wireless Communication Commission was created by the Governor and the Mississippi Legislature in 2005 to promote the efficient use of public resources to ensure that law enforcement personnel and essential public health and safety personnel have effective communications services available in emergency situations. The Commission is in the process of implementing a statewide wireless communications system (Mississippi Wireless Information Network or MSWIN).

We understand our nation's pressing need to create jobs and facilitate growth, close the broadband gap, and spread high-speed internet access to schools, libraries, hospitals and public safety personnel.

We believe the application submitted by the Office of the Governor addresses these concerns and will move Mississippi forward in accomplishing these goals. The application will also improve and advance the lives of Mississippians by providing enhanced public safety and emergency medical care that will save lives and money. Additionally, the enhanced network will allow consumers in unserved and underserved areas, as well as the economically distressed areas of Mississippi, to receive desperately needed access to broadband. The Office of the Governor's application, if funded, will have a significant impact on the State of Mississippi.

We appreciate the NTIA's consideration of this application. Please do not hesitate to contact us if we may be of any further assistance.

Sincerely,

Christopher B. Epps

DELTA HEALTH ALLIANCE
Today. Tomorrow. Together.

March 17, 2010

The Honorable Lawrence E. Strickling
Assistant Secretary
National Telecommunications & Information Administration
US Department of Commerce
1401 Constitution Ave., N.W.
Washington, DC 20230

Dear Secretary Strickling:

The Delta Health Alliance (DHA) – a community based 501(c)3 organization focused on addressing critical health issues in the Mississippi Delta - strongly supports the Mississippi Office of the Governor's proposed BTOP project. The Office of the Governor's proposal is a comprehensive plan that will address telecommunication concerns and improve and advance the lives of Mississippians by providing enhanced public safety and emergency medical care that will save lives and money. Residents in rural and underserved areas will see the greatest benefit. This system provides desperately needed access to reliable broadband.

The DHA has been supporting community based initiatives in the Delta since 2001. One of our most important initiatives involves assisting rural healthcare clinics and hospitals with the design, implementation, testing and support of a reliable, region-wide electronic health record (EHR) system. Our EHR network has been working one-on-one with rural providers to overcome technical barriers since 2006. The DHA network currently includes 20 active clinical locations with 243 providers using the live system, and 673,176 patients active in our EHR database. The majority of clinics connect via DSL or cable but still struggle with unreliable or intermittently slow connections. We have a significant number of additional physicians that would like to join the network but who are unwilling until we can offer lower costs to help sustain the networks and can demonstrate more reliability in speed and access of the system.

As a partner to the Office of the Governor's proposal, the DHA will provide assistance to and coordinate with programs impacting the Mississippi Delta region, including conducting community outreach, technology assessments and assistance in the development of network systems. The DHA can serve as a valuable resource in reaching out to rural clinicians and hospitals, ensuring that they are actively involved in all stages as the program evolves.

We have been honored to have been involved in planning for this proposal and sincerely appreciate the Governor's commitment to ensuring that the network will be designed to meet actual needs in our communities. The Delta Health Alliance appreciates the NTIA's consideration of this proposal. Please do not hesitate to contact me if I may be of any further assistance.

Sincerely,
