The petition for waiver may be submitted at any time during the life of the award-funded faculties and equipment, and it must include supporting documentation and justification regarding why the petition should be granted. This requirement is not meant to limit CCI awardees from leasing facilities to another service provider for the provision of broadband services, nor is this section meant to restrict a transfer of control of the awardee (NOFA, Section IX.C.2).

##### **B. Security Interest in Real Property including Broadband Facilities and Equipment**

The recipient shall execute a security interest or other statement of NTIA's interest in real property including broadband facilities and equipment acquired or improved with Federal funds acceptable to NTIA, which must be perfected and placed on record in accordance with local law. Such approval may be withheld until such time as the recipient first pays to NTIA the Federal share of the real property including broadband facilities and equipment as provided in 15 CFR 14.32 (15 CFR 24.31 for state, local, or other government entities). This security interest shall be executed in advance of any sale or lease and not later than closeout of the grant.

NTIA also may require that the recipient maintain a permanent plaque or sign at the project site with the same or similar information.
  
- **Land, Easements, and Rights of Way.** The recipient must disclose all encumbrances to the operating unit. The operating unit will not accept any encumbrance that interferes with the construction, intended use, operation, or maintenance of the project during its estimated useful life. This Act provides assistance to persons, businesses, or farm operations affected by the acquisition, rehabilitation or demolition of real property acquired for a project financed wholly or in part with Federal assistance

funds. It also requires compliance with specific guidelines pertaining to reimbursable costs incidental to such land acquisition.

- Tribal Employment Rights Ordinances. In accordance with Departmental policy, all operating units must recognize Tribal Employment Rights Ordinances (TEROs), which may provide for preferences in contracting and employment, in connection with its financial assistance awards. Tribal ordinances requiring preference in contracting, hiring, and firing and the payment of a TERO fee are allowable provisions under Federal awards and should be incorporated by the operating unit under its grants and contracts with American Indian and Alaska Native tribal governments. The payment of the TERO fee, which supports the tribal employment rights office to administer the preferences, should generally be allowable as an expense that is necessary and reasonable for proper and efficient performance and administration of an award, as provided under the applicable cost principles set out in 2 CFR 225.
